

January 26, 2026: On This is All About the Midterms

It's the end of January and in the last three weeks, we have seen three killings by federal agents. Choose your Summer; and Choose your November:

A. Democrats are harboring illegals in sanctuary cities and are inciting rebellion; or

Meanwhile, Democrat run Sanctuary Cities and States are REFUSING to cooperate with ICE, and they are actually encouraging Leftwing Agitators to unlawfully obstruct their operations to arrest the Worst of the Worst People! By doing this, Democrats are putting Illegal Alien Criminals over Taxpaying, Law-Abiding Citizens, and they have created dangerous circumstances for EVERYONE involved. Tragically, two American Citizens have lost their lives as a result of this Democrat ensued chaos.

That is why I am hereby calling on Governor Walz, Mayor Frey, and EVERY Democrat Governor and Mayor in the United States of America to formally cooperate with the Trump Administration to enforce our Nation's Laws, rather than resist and stoke the flames of Division, Chaos, and Violence:

1. Governor Walz and Mayor Frey should turn over all Criminal Illegal Aliens that are currently incarcerated in their State Prisons and Jails to Federal Authorities, along with all Illegal Criminals with an active warrant or known Criminal History, for Immediate Deportation.
2. State and Local Law Enforcement must agree to turn over all Illegal Aliens arrested by Local Police.

B. Republicans are using federally-sponsored murder to cover up for their criminal mafia boss that is running an extortion scheme over worldwide politics.
